

# GERMANCS PUSH THEIR BIG DRIVE HARDER AGAINST SERB DEFENSES

Slowly But Surely Teutonic Are  
Making Progress All Along Line  
In Balkan Zone, But Bulgars  
Now Have Checkered Progress

## FRANCO-BRITISH FORCE MEETING SOME SUCCESS

With Albania Joining Hands With  
Austria and Rumania Still  
Holding Out Against Participa-  
tion, Levant Crisis Is Acute

(Associated Press by Federal Wireless.)  
LONDON, November 4.—The Austri-  
ans and Germans, slowly but sure-  
ly are pushing their drive farther  
into Serbia, making progress every-  
where along the line, but their Bul-  
garian ally is meeting with checkered  
success.

In the Nisava valley the Bulgarians  
have retreated before a superior force  
of the Allies, but near Nish they are  
making headway. At Monastir they  
are making small gains, but their posi-  
tions are imperiled, as many British  
and French troops are marching on  
them in this district.

### Losses Of Allies Heavy

The Allies who are attacking the  
Bulgarians around the Bulgarian town  
of Strumitza are reported to be meet-  
ing with some success. Gains are re-  
ported, but the Bulgarians are resist-  
ing desperately, and the casualties are  
said to be heavy on the allied side.

Many more Anglo-French troops are  
being landed at Salonika and as fast as  
they organize their regiments are being  
sent against the Bulgarians around  
Monastir. The result is expected to be  
a hard battle in a few days.

### Situation Is Serious

French troops also are being landed  
at Kavala, Greece, according to reports  
from Sofia. The object of the expedi-  
tion is to reinforce other French troops  
in the southeast of Serbia.

The Serbian situation is admitted  
here to be extremely critical, but hope  
rises hourly in expectation of Rumania's  
entry into the arena on the side of the  
Allies.

## SERBIANS CANNOT HOLD MUCH LONGER

ROME, November 4.—The Serbian  
correspondent of the Messaggero has  
sent the following despatch here:  
"It is believed the Serbians on the  
northern frontier will not be able to  
resist the Teutons much longer. Al-  
bania is causing much anxiety. Large  
quantities of German ammunition have  
been received by the Albanian bands  
and an attack on Serbia is momentarily  
expected."

The situation in Serbia shows con-  
clusively that without the entrance of  
the Bulgarians, the holds the Teu-  
tons never could have won their Bal-  
kan campaign.

## RUMANIA STILL DRIVES BARGAIN

MILAN, November 3.—Rumania is  
bargaining with the diplomats of the  
Entente Powers in an endeavor to win  
the pledge of the support of a huge  
army if she will enter the war, accord-  
ing to rumors which have reached here  
from Bucharest and other European  
capitals. The Rumanian opposition  
which has been gaining strength for  
weeks and recently held a mass meet-  
ing at which two former cabinet mem-  
bers were speakers, is endeavoring to  
overthrow the cabinet presided over by  
Premier Bratianu. Their plan is to  
force the formation of a ministry favor-  
able to the Allies, after which terms  
may be secured from the Entente Pow-  
ers.

It is reported here on good authority  
that Rumania's entrance into the war  
is conditional upon the Allies sending  
half a million men to her aid. Ruma-  
nia apparently fears a quick invasion  
by the Teutons and possible attack by  
Bulgaria in case her lot is cast with  
the Allies and wishes to make certain  
of enormous military strength before  
taking the step.

## BRITAIN NEEDS BILLION TO KEEP ARMIES AT WAR

(Associated Press by Federal Wireless.)  
LONDON, November 4.—It is re-  
ported that Chancellor of the Ex-  
chequer Reginald McKenna will ask an  
additional national credit of about  
\$1,200,000,000 in parliament next week,  
the credit to be for carrying on the war.

## ENTENTE POWERS WARN PERSIA TO BE NEUTRAL

(Associated Press by Federal Wireless.)  
PETROGRAD, November 3.—Persia  
has been notified by the Entente Pow-  
ers that the Anglo-Russian convention,  
providing for the maintenance of Per-  
sian integrity and independence, will  
lapse if the rumors are true that Persia  
siding with Germany and Turkey.

## REAR-ADMIRAL IS DEAD

(Associated Press by Federal Wireless.)  
OAKLAND, November 3.—Rear Ad-  
miral Thomas Stowell Phelps, Jr., re-  
tired, who was on board the U. S. S.  
Faleigh at Manila during the Spanish-  
American war, died here today. He  
was 67 years old.

# ARMY AERO HEAD DECLARED UNFIT

Evidence Given At Goodier Court-  
Martial Hits Hard At Capt.  
A. S. Cowan

(Associated Press by Federal Wireless.)  
SAN FRANCISCO, November 4.—  
That certain types of army aeroplanes  
in use at both the San Diego and  
Brownsville aviation camps are dan-  
gerous, but that no official warning ever  
was given to the flyers, was a part of  
the evidence introduced yesterday for  
the defense in the court martial pro-  
ceedings under way against Col. Lewis  
E. Goodier, who is charged with con-  
duct prejudicial to the service, speci-  
fic charges being that he has openly  
criticized the conduct of the San Diego  
aviation school and that he tried to in-  
duce other officers to prefer charges  
against Capt. Arthur S. Cowan, Signal  
corps, in connection with the San  
Diego camp.

In support of the charge made by  
the defense that Captain Cowan, com-  
manding at the school, knew that the  
machines were unsafe, testimony was  
offered that the flyers had been cau-  
tioned, but not officially.

Lieutenant Dodd, on duty at the  
Brownsville aviation camp, testifies he  
had gathered information there that  
the machines were unsafe, from his  
own experience, but he had never re-  
ceived any official warnings.

## CHINESE PROBLEM CONTINUES ACUTE

(Special Cable to Hawaii Shiping)  
TOKIO, November 3.—George W.  
Guthrie, United States ambassador to  
Japan, was questioned yesterday by  
one of Japan's statesmen regarding the  
changing of the government of China.  
Ambassador Guthrie would make no  
statement. The ambassadors of France,  
England and Russia have announced  
that they would be opposed to Yuan  
Shih-Kai's establishing a monarchy.  
Guthrie's silence is looked upon here  
as a surety that the United States  
favors the restoration of the mon-  
archy.

## FRANCE OPPOSES MONARCHY

PEKING, November 3.—France has  
ratified the demand of the other Allies  
that China postpone the proposed  
change in government until after the  
war. Should the electorate favor the  
change, it is probable that the coronation  
of the new emperor would not  
take place until the end of the war.  
The Peking News declares "America  
is watching events quietly. That is a  
source of encouragement for China."

## PEACE RUMORS AFFECT GERMAN STOCK MARKET

New French Premier, However,  
Scouts All Reports

(Associated Press by Federal Wireless.)  
LONDON, November 4.—A Berlin  
letter in an issue of the Frankfurter  
Zeitung which has reached here says  
the peace rumors which have been linked  
with the mysterious trips of Doctor  
Solf, the German secretary of state for  
the colonies, to the Hague, and of  
Prince von Buelow to Switzerland, are  
affecting the German stock exchange.

## NO PEACE-BRIAND

PARIS, November 3.—Aristide Bri-  
and, the new French premier, declared  
today that France would sign no peace  
agreement until she had restored, by  
right of victory, the territory taken by  
the enemy and until durable peace was  
guaranteed for Europe.

## WARSHIPS OF ALLIES RAZE TURKISH TOWN

(Associated Press by Federal Wireless.)  
LONDON, November 3.—Four de-  
stroyers of the Allies have bombarded  
Tehese, a Turkish coast town near the  
Gulf of Smyrna, destroying the  
Turkish forts, customs buildings, gov-  
ernment residences, barracks, and a  
large part of the Turkish quarter. Brit-  
ish and French submarines are re-  
ported to be co-operating in allied raids on  
Turkish ships in the Sea of Marmora.

## NEW WARSHIP 'MAKES GOOD'

(Associated Press by Federal Wireless.)  
DUBLIN, November 3.—The new bat-  
tle-ship Nevada was given a  
trial off port here yesterday. It at-  
tained a maximum speed of 21.94 knots  
an hour and an average speed of 20.9  
knots. A test of the oil burning en-  
gines was satisfactory.

## SLASHES WIFE WITH KNIFE

Early yesterday morning Nick, a  
Germans, residing with his wife near  
Beretonia and River streets, while un-  
der the influence of liquor, attacked  
his wife, Rachman, with a razor, cut-  
ting her hip. Nick then beat her. The  
woman's injury was dressed at the pol-  
ice station.

## COLDS CAUSE HEADACHES

LAXATIVE BROMO QUININE re-  
moves the cause. Used the world over  
to cure a cold in one day. The signa-  
ture of E. W. GROVE is on each box.  
Manufactured by the PARIS MEDICINE  
CO., St. Louis, U. S. A.

# TAMMANY VICTOR IN NEW YORK CITY

Elects First District Attorney In  
Fifteen Years, Sheriff And  
Many Aldermen

(Associated Press by Federal Wireless.)  
NEW YORK, November 4.—With  
practically all returns on the municipal  
election of Tuesday counted, Tammany  
is restored to part of its former pow-  
er. The Democratic organization has  
elected its candidate for district attor-  
ney, Judge Edward Swann; its candi-  
date for sheriff, and the majority of  
aldermen. By electing Judge Swann,  
Tammany has put in its first candidate  
for district attorney in fifteen years.

With returns from the various state  
elections of Tuesday, practically all  
counted, it has been found that the  
results are as forecast at one o'clock  
yesterday morning.

In Massachusetts Samuel W. McCall,  
Republican, will succeed Governor David  
Walsh, Democrat. After leading  
Walsh by a slight margin in the earlier  
returns, McCall's ascendancy increased  
strongly yesterday and it is now claim-  
ed that no later returns can change  
the results.

In Maryland, Governor Goldsborough,  
Republican, will be succeeded in office  
by a Democrat, Emerson C. Harrington.

The count on the Ohio election re-  
sults has definitely decided that prohibition  
has been beaten.

In Kentucky the Democratic candi-  
date, A. O. Stanley, maintains a safe  
lead in the gubernatorial contest, with  
the vote practically all in.

## SEAMEN'S ACT LEFT IN HANDS OF DAVIS

San Francisco Collector Told To  
Use His Discretion

(Associated Press by Federal Wireless.)  
SAN FRANCISCO, November 4.—Col-  
lector of the Port Davis has been in-  
structed by the department of com-  
merce at Washington to use his discre-  
tion in granting clearances to ships,  
owners of which have made an effort to  
comply with the physical features of  
the new Seamen's Act, which goes into  
effect today, but have failed.

Many ships have failed to obtain  
their full quota of seamen owing to the  
inability of examiners to finish giving  
examinations to sailors to test their  
fitness under the new act.

The order to the collector is an out-  
come of the request sent to Secretary  
Redfield by the shipping interests Mon-  
day asking temporary suspension of the  
law.

## CANADA MAY EXPEND \$250,000,000 ON WAR

Budget of That Sum Presented  
By Finance Minister

(Associated Press by Federal Wireless.)  
OTTAWA, Ontario, November 4.—  
The budget presented in the house of  
commons yesterday by the minister of  
finance estimates that Canada will  
spend next year on the war a total  
of \$250,000,000. These estimates are  
based on the pledge given by Premier  
Borden that Canada will maintain in  
the field a force of 250,000 men. At the  
present time, it was announced, there  
were at the front or in the training  
camps Canadian troops to the number  
of 100,000.

## GERMANS PENETRATE TRENCHES OF FRENCH

They Make Headway Near Mas-  
siges But Lose Elsewhere

(Associated Press by Federal Wireless.)  
LONDON, November 4.—Activity on  
the Western front is continuing. The Ger-  
mans have penetrated some of the ad-  
vanced French trenches in the region  
of Massiges in the Champagne, but  
elsewhere they have been repulsed.

## GENERAL STERNBERG DIES

(Associated Press by Federal Wireless.)  
WASHINGTON, November 3.—Brig-  
adier General Miller Sternberg, retired,  
died at his home here today. He was  
a famous surgeon in the Civil War and  
later was surgeon general. He had com-  
mand of the medical service during the  
war with Spain, and was secretary of  
the commission which headed the work  
of stamping out yellow fever in Ha-  
vanna. He was 77 years old.

## FRANCE AND BRITAIN TO RECOGNIZE CARRANZA

(Associated Press by Federal Wireless.)  
WASHINGTON, November 3.—  
France and Great Britain are ready to  
recognize President Carranza as head  
of the de facto Mexican government.

# BRAND WHITLOCK TO QUIT BELGIUM

State Department Announces  
Leave And Says His Health  
Has Broken

## CAVELL CASE IS RECALLED

Secretary Lansing's Action Fol-  
lows Closely On Sensational  
Report of Envoy

(Associated Press by Federal Wireless.)  
WASHINGTON, November 4.—Brand  
Whitlock, the American minister to  
Belgium, whose recent report regard-  
ing the execution of the English nurse,  
Edith Cavell, by the Germans, follow-  
ing her conviction for desertion, stirred  
the nation, will return to the  
United States soon. The state depart-  
ment announces that Minister Whit-  
lock's health has broken down and that  
he is to be given a leave of absence  
from his post.

## LANDSTURM VETERANS WEEP AT EXECUTION

The American correspondent of the  
London Daily Express attributes to Miss  
Cavell's most intimate friend, a Bel-  
gian nurse, the following statements:  
"Miss Cavell had been long sus-  
pected by the Germans because she  
was English. Frequent opportunities  
had been given her to leave Brussels,  
both by the Germans who were anx-  
ious to see her out of the country and  
by other people who were fearing that  
the Germans would arrest her. She,  
however, refused all offers of safe-  
ty, and to which Holland, saying that as  
long as there was a single wounded  
man left in Brussels, her duty com-  
pelled her to remain where there was  
suffering."

It is reported that after Miss Cav-  
ell's trial the president of the court  
asked her if she wished to add any-  
thing to her defense or sign a request  
for a pardon at the hands of the  
kaiser. She merely shrugged her  
shoulders and walked out.

Pains were taken by the Germans  
that nothing should become known of  
the matter. Their fear was that the  
envoys of the American or Spanish leg-  
ations or the Papal Nuncio, who are  
still in Brussels, might hear of the in-  
tention to execute Miss Cavell and  
might interfere. The legends did in-  
tervene, but in vain.

## Nurse Brave At Execution

"Miss Cavell was rushed to her  
death and shot in the barracks early in  
the morning." She was brave before  
the German rifles, as she had been be-  
fore the court-martial. She refused to  
have her eyes bandaged and pinned a  
small Union Jack to her bodice.

"Some of the Landsturm men who  
had been forced to take part in the ex-  
ecution are said to have wept. She  
was buried in the exiles' cemetery."

"The cold-blooded execution," con-  
tinues the correspondent, "produced  
a deep sensation of horror in Brussels,  
where she was worshipped for all the  
good she had done during the German  
occupation."

It is said that the execution was  
ordered by the governor personally, as  
the kaiser had already pardoned a num-  
ber of women and the governor feared  
that if Miss Cavell were pardoned, it  
would weaken the authority of the  
court martial.

## STEAMER SANTA CLARA WILL BE TOTAL LOSS

Bodies of Eleven Dead Victims  
Have Been Recovered

(Associated Press by Federal Wireless.)  
SAN FRANCISCO, November 3.—The  
sinking steamer Santa Clara, which  
went ashore last night near the  
south spit at Coos Bay, is probably a  
total loss, as the sea is pounding her  
heavily on the reef.

Eleven of those aboard are known  
to be dead as their bodies have been  
recovered. Nine are still missing.

The steamer carried forty-eight pas-  
sengers and a crew of twenty-four.  
The survivors who are able to travel  
have been brought here.

According to the mate, the steamer  
struck a shoal which recently was  
formed by the action of waves and cur-  
rents and which has not been charted.

## MANILA THREATENED BY FIERCE TYPHOON

(Associated Press by Federal Wireless.)  
MANILA, November 3.—A disastrous  
typhoon has swept over Southern Luzon  
and is heading for Manila at ter-  
rific speed, according to reports from  
the south. The reports say that 200  
persons are known to be dead, and the  
property loss will reach a million dol-  
lars. Two vessels were caught in the  
storm and foundered. Their crews are  
saved.

## MEXICAN SHIP TAKES AMERICAN REGISTRY

(Associated Press by Federal Wireless.)  
SAN FRANCISCO, November 4.—The  
Mexican steamer Mazatlan, which  
recently was the Jason, under Norwe-  
gian registry, has been sold and grant-  
ed American registry under the name  
of the Edna. The ship will hoist the  
American flag today. The Mazatlan  
arrived here recently from Mexico,  
where it had been for several months.

# AGENT OF KAISER PLEADS GUILTY

New Yorker Who Sought To Ship  
Rubber In Cotton Bales Pays  
Fined \$500

(Associated Press by Federal Wireless.)  
NEW YORK, November 4.—Albert  
Salomon, the importer who was indicted  
on a charge of being a party to a  
conspiracy to defraud the government  
in attempting to export rubber con-  
cealed in cotton bales, destined to  
reach Germany, yesterday entered a  
plea of guilty in the federal court and  
was fined five hundred dollars.

Salomon attempted to ship the rub-  
ber to Germany, concealed in bales of  
cotton, at a time prior to the placing  
of cotton on the list of contraband by  
Great Britain and France. His cotton  
shipment was inspected with the X-ray  
and rubber to the value of \$50,000 was  
discovered and confiscated.

## JAPANESE OF CANADA SEEK NATURALIZATION

(Associated Press by Federal Wireless.)  
SAN FRANCISCO, November 4.—Jap-  
anese in Canada have begun a move  
to gain the right of naturalization.  
The movement will be decided in the  
latter part of November. The Japanese  
Society of San Francisco has been ask-  
ed to assist.

## BOATS THAT WILL TAKE 'XMAS' MAIL

In November the average human's  
fancy lightly turns to thoughts of  
Christmas mail.

The last boat leaving here and which  
may be relied on to make connections  
so that Christmas mail will be deliv-  
ered in Europe in time for the great  
festival is the steamer Larline, sailing  
November 23. It takes from 23 to 26  
days for mail to reach England from  
here and that despatched by the Lar-  
line will reach European destinations  
in ample time.

Mail despatched by the steamer  
Chiyo Maru, departing November 30,  
probably will be delivered in the Brit-  
ish Isles on Christmas Day.

Mail for the eastern states should  
be forwarded by the steamer Makura,  
leaving here December 10. That sent  
by the steamer Matsunia on December  
15 may possibly make connections.

The last boat leaving here with mail  
in time for Christmas delivery on the  
Coast will be the steamer Matsunia,  
sailing December 15.

The first of the big Christmas mails  
will come to hand by the steamer Wil-  
helmina arriving December 21. Mail  
will also arrive on Christmas Eve, by  
the steamer Chiyo Maru.

## NEW MATSON VESSEL TO HAVE TWIN SCREWS

Castle & Cooke, local agents of the  
Matson Steam Navigation Co., stated  
yesterday that the new steamer, a du-  
plicate of the Matsunia, to be built im-  
mediately by the Matson Co., would be  
twin-screw, geared turbine drive, and  
with probable three or four knots more  
speed than that possessed by the  
Matsunia.

The information given out by Castle  
& Cooke was based on a letter received  
on Tuesday from Capt. William Mat-  
son, president of the company.

T. H. Petrie, secretary of Castle &  
Cooke, states that in future the new  
boats of the Matson company will be  
built with the letter M, and that they  
will be named after Honolulu valleys.  
It states further that the name of the  
new Matson liner might be the Makiki.

Petrie says that the experience gain-  
ed from operating the Matsunia will  
be utilized as far as possible in the  
improvements, such as a different ar-  
rangement of staterooms, dining saloon  
and other sections of the ship.

The new vessel will cost more than  
\$1,000,000, the Matsunia's original  
price.

## 'HON.' JOE KALANA HITS AUTO WITH HIS MACHINE

Tuesday afternoon, while T. Awana,  
driving an automobile, was turning  
from Mauna Kaimanu street into King  
street, going west, he was run into by  
an automobile driven by "Hon." Joe  
Kalana, who was turning into Nuuanu  
street from King street, going east, and  
who was on the wrong side of the road.  
Awana's car suffered a bent fender and  
the Kalana machine had its headlights  
smashed.

## HAWAIIAN ATTEMPTS TO COMMIT SUICIDE

John Kama, residing near 1,813th  
street and Kenuwai lane, attempted to  
commit suicide yesterday morning by  
cutting his throat with a pocket knife.  
He made only a slight wound. Kama  
said that he was driven to the deed by  
route rheumatic pains in his left leg.  
He was treated by Emergency Surgeon  
Ayer and was later removed to the  
Queen's Hospital.

Cards have been issued by Mrs.  
Sarah Benson Deverill for the wedding  
of Edward George Deverill and Miss  
Marlene Ella Lee. The ceremony will  
be performed on Sunday, November 14,  
at Hanalei, Kauai.

# PANCHO SUSTAINS DECISIVE DEFEAT

Main Body of His Troops Is  
Riddled And He Withdraws  
Hastily

(Associated Press by Federal Wireless.)  
DOUGLAS, Arizona, November 4.—  
The repulse of the main Villista army  
by the Agua Prieta garrison under  
General Calles appears to be a decisive  
defeat and the Villa forces are with-  
drawing, harassed by a column of one  
thousand cavalrymen with ten machine  
guns, despatched by General Calles to  
attack the defeated force and give him  
no opportunity to make camp and rest.  
Reports from Naco state that the  
Villa wounded in the attack upon Agua  
Prieta are now commencing to arrive  
there for treatment and the American  
customs collector had been advised to  
prepare for five hundred wounded men.  
The reports made by the first arriv-  
als among these wounded fighters lead  
to the belief that Villa will not be in  
a position to resume his attacks against  
any of the Carranza garrisons for at  
least several weeks.

Villa has withdrawn with his army  
to Anavacheli Pass, twelve miles south-  
east, leaving 336 dead on the field. The  
Villistas are reported to be suffering  
from a shortage of food and many are  
deserting.

As an evidence of the fading strength  
of the Villa cause, reports have been  
received that the Villa garrisons at  
Ojinaga and La Colorado, in Chihua-  
hua, have surrendered and given up  
the fight.

In the defense of Agua Prieta, the  
Carranza casualties are given at one  
hundred, deaths in battle being twenty-  
five only.

The withdrawal of the Villistas re-  
lieves the situation on the American  
side, just as news comes from Wash-  
ington that President Wilson is con-  
sidering authorizing General Funston  
to send a force across the line into Mex-  
ico, if necessary, to prevent the further  
firing towards Douglas and the endan-  
gering of American lives here.

## HUMANE OFFICER MAY SECURE AN ASSISTANT

Finance Committee of Society  
Will Raise Money For Salary

The appointment of an assistant to  
Miss Lucy K. Ward, humane officer of  
the city, was discussed yesterday at a  
meeting of Hawaiian Humane Society,  
held in the public library.

The names of two prospective assist-  
ants were presented, but appointment  
has been deferred until reports as to  
the ability of the applicants have been  
investigated. Appointment will be  
made by Mrs. L. L. McAndrews at a  
special meeting next week.

The finance committee believes that  
the public of Honolulu is interested in  
the work of the society and asks that  
money sufficient to assure the future  
salary of the new assistant be collect-  
ed by subscription. Mrs. R. E. Meade,  
chairman of the finance committee, has  
charge of subscription list and any  
donations forthcoming should be for-  
warded to her.

That there is need of a humane of-  
ficer in Hilo is apparent, says a letter  
to the society from Mrs. Helen T.  
Drummond of Hilo asking that a com-  
mission as humane officer be extended to  
her leading her the authority to en-  
force the better treatment of animals.

The members of the society who  
were present are Mrs. L. L. McAndrews,  
president; Miss Lucy K. Ward, Mrs. S.  
P. Dole, Mrs. W. R. Castle, Mrs. E.  
Bokum, Mrs. W. W. Thayer, Miss Har-  
riet Hatch, Mrs. R. E. Meade, Mrs. A.  
Henneberg, Mrs. A. A. Young. Other  
members who were absent are now at  
the mainland.

## ALBERT GEER IS GUILTY OF VIOLATING MANN ACT

After a three-days' trial a jury in  
the federal court yesterday returned a  
verdict of guilty against Albert Geer,  
charged with a violation of the Mann  
law. The jury was out from eleven in  
the morning to half-past two o'clock in  
the afternoon. Albert and Cyril Geer  
were charged jointly under three  
counts. They were found not guilty on  
the first and second counts. Albert  
Geer was found guilty under the third  
count, but the jury reported that no  
agreement could be reached on the  
third count as against Cyril Geer. A  
mistrial was entered in the case against  
Cyril Geer.

## SIX MEN WILL ATTEND MAUI PROMOTION SESSION

Six men will compose the promotion  
committee party which will go to  
Maui for the first of the inter-island  
meetings. They are Ed Towne, acting  
chairman; A. F. Wall, George H. An-  
gus, E. P. R. Ikenberg and Benjamin  
Hollinger of the committee, and Phil  
Dunkey, assistant secretary. The party  
will go to Maui Friday evening, Novem-  
ber 12, in the Claudine and spend  
three days in meetings and excursions.  
They will return here the following  
Tuesday morning. W. O. Aiken, the  
Maui member of the committee, is pre-  
paring the program and itinerary.

## ACCIDENTS WILL HAPPEN.

It may be impossible to prevent an  
accident, but it is not impossible to be  
prepared for it. Chamberlain's Pain-  
Balm is not beyond anyone's purse,  
and with a bottle of this liniment you  
are prepared for most anything. For  
sale by all dealers. Benson, Smith &  
Co., Ltd., agents for Hawaii.

# SLAVS BEGIN GREAT DRIVE THAT PERILS GERMAN LINE

Russians Undertake Gigantic Of-  
fensive Reaching From Gulf of  
Riga To Border of Rumania,  
Forcing Von Hindenburg Back

(Associated Press by Federal Wireless.)  
LONDON, November 4.—Russia has  
begun a gigantic offensive reaching  
from the Gulf of Riga to the border of  
Rumania, according to news from German  
sources.

## TEUTONS ARE DRIVEN FROM THEIR TRENCHES

Elsewhere In Eastern Zone Mus-  
covites Are Attacking So  
Fiercely And Successfully Mil-  
itary Experts Predict Retreat

Coincidentally an official Berlin  
despatch received here admits  
withdrawing his forces between  
Swenton and the Illsen lakes in the  
Riga district. Similar advances  
come from Petrograd although less  
specific. They are that "the Ger-  
mans are withdrawing on the Rus-  
sian front."

In the Riga district the Rus-  
sians are reported to
